Honorable Pat White Jr., Whitley County Judge/Executive  
Members of the Whitley County Fiscal Court

Independent Auditor's Report

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Whitley County, Kentucky, as of and for the year ended June 30, 2010, which collectively comprise the County's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the Whitley County Fiscal Court. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, and the Audit Guide for Fiscal Court Audits issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in Note 1, Whitley County, Kentucky, prepares its financial statements in accordance with the modified cash basis, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Whitley County, Kentucky, as of June 30, 2010, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with the basis of accounting described in Note 1.

To the People of Kentucky  
Honorable Steven L. Beshear, Governor  
Jonathan Miller, Secretary  
Finance and Administration Cabinet  
Honorable Pat White Jr., Whitley County Judge/Executive  
Members of the Whitley County Fiscal Court

The county has not presented the management's discussion and analysis that the Governmental Accounting Standards Board (GASB) has determined is necessary to supplement, although not required to be part of, the basic financial statements. The budgetary comparison information is not a required part of the basic financial statements but is supplementary information required by GASB. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the budgetary comparison information. However, we did not audit it and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Whitley County, Kentucky's basic financial statements. The accompanying supplementary information, combining fund financial statements, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The combining fund financial statements and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

In accordance with Government Auditing Standards, we have also issued our report dated January 31, 2011 on our consideration of Whitley County, Kentucky's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Based on the results of our audit, we present the accompanying comment and recommendation included herein, which discusses the following report comment:

**2010-1** The Jailer Should Strengthen Controls Over Jail Commissary Operations

Respectfully submitted,

Crit Luallen  
Auditor of Public Accounts

**NOTES TO FINANCIAL STATEMENTS**

**June 30, 2010**

**Note 1. Summary of Significant Accounting Policies**

**A. Basis of Presentation**

The county presents its government-wide and fund financial statements in accordance with a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, assets, liabilities, and related revenues and expenditures are recorded when they result from cash transactions, with a few exceptions. This modified cash basis recognizes revenues when received and expenditures when paid. Notes receivable are recognized on the Statement of Net Assets, but notes receivable are not included and recognized on Balance Sheet - Governmental Funds. Property tax receivables, accounts payable, compensated absences, and donated assets are not reflected in the financial statements.

Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however encumbrances are reflected on the Balance Sheet - Governmental Funds as part of the fund balance (Reserved for Encumbrances).

The State Local Finance Officer does not require the county to report capital assets and infrastructure; however the value of these assets is included in the Statement of Net Assets and the corresponding depreciation expense is included on the Statement of Activities.

**B. Reporting Entity**

The financial statements of Whitley County include the funds, agencies, boards, and entities for which the fiscal court is financially accountable. Financial accountability, as defined by Section 2100 of the Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards, as amended by GASB 14 and GASB 39, was determined on the basis of the government's ability to significantly influence operations, select the governing authority, participate in fiscal management and the scope of public service. Consequently, the reporting entity includes organizations that are legally separate from the primary government. Legally separate organizations are reported as component units if either the county is financially accountable or the organization's exclusion would cause the county's financial statements to be misleading or incomplete. Component units may be blended or discretely presented. Blended component units either provide their services exclusively or almost entirely to the primary government, or their governing bodies are substantively the same as the primary government. All other component units are discretely presented.

**Blended Component Units**

The following legally separate organizations provide their services exclusively to the primary government, and the fiscal court is able to impose its will on this organization. These organizations' balances and transactions are reported as though they are part of the county's primary government using the blending method.

**B. Reporting Entity (Continued)**

Blended Component Units (Continued)

Whitley County Public Properties Corporation

The Whitley County Fiscal Court (Fiscal Court) established the Whitley County Public Properties Corporation (Corporation) for the purpose of financing detention center and justice center projects. The Corporation's governing body consists entirely of the Fiscal Court members. Therefore, management must include the Corporation as part of the reporting entity, and the Corporation's financial activity is blended with that of the Fiscal Court.

**C. Whitley County Elected Officials**

Kentucky law provides for election of the officials below from the geographic area constituting Whitley County. Pursuant to state statute, these officials perform various services for the Commonwealth of Kentucky, its judicial courts, the fiscal court, various cities and special districts within the county, and the board of education. In exercising these responsibilities, however, they are required to comply with state laws. Audits of their financial statements are issued separately and individually and can be obtained from their respective administrative offices. These financial statements are not required to be included in the financial statements of Whitley County, Kentucky.

- Circuit Court Clerk
- County Attorney
- Property Valuation Administrator
- County Clerk
- County Sheriff

**D. Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its non-fiduciary component units. For the most part, the effect of interfund activities has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on sales, fees, and charges for support. Business-type revenues come mostly from fees charged to external parties for goods or services. Fiduciary funds are not included in these financial statements due to the unavailability of fiduciary funds to aid in the support of government programs.

The statement of net assets presents the reporting entity's non-fiduciary assets and liabilities, the difference between the two being reported as net assets. Net assets are reported in three categories: 1) invested in capital assets, net of related debt - consisting of capital assets, net of accumulated depreciation and reduced by outstanding balances for debt related to the acquisition, construction, or improvement of those assets; 2) restricted net assets - resulting from constraints placed on net assets by creditors, grantors, contributors, and other external parties, including those constraints imposed by law through constitutional provisions or enabling legislation; and 3) unrestricted net assets - those assets that do not meet the definition of restricted net assets or invested in capital assets.

**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2010**  
**(Continued)**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**D. Government-wide and Fund Financial Statements (Continued)**

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function; 2) operating grants and contributions; and 3) capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Internally dedicated resources such as taxes and unrestricted state funds are reported as general revenues.

Generally and except as otherwise provided by law, property taxes are assessed as of January 1, levied (mailed) November 1, due at discount November 30, due at face value December 31, delinquent January 1 following the assessment, and subject to sale ninety days following April 15.

Funds are characterized as either major or non-major. Major funds are those whose assets, liabilities, revenues, or expenditures/expenses are at least ten percent of the corresponding total (assets, liabilities, etc.) for all funds or type (governmental or proprietary) and whose total assets, liabilities, revenues, or expenditures/expenses are at least five percent of the corresponding total for all governmental and enterprise funds combined. The fiscal court may also designate any fund as major.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds and major enterprise funds are reported as separate columns in the financial statements.

**Governmental Funds**

The primary government reports the following major governmental funds:

**General Fund** - This is the primary operating fund of the fiscal court. It accounts for all financial resources of the general government, except where the Department for Local Government requires a separate fund or where management requires that a separate fund be used for some function.

**Road Fund** - This fund is for road and bridge construction and repair. The primary source of revenue for this fund is state payments for truck licenses distribution, municipal road aid, and transportation grants. The Department for Local Government requires the fiscal court to maintain these receipts and expenditures separately from the General Fund.

**Jail Fund** - The primary purpose of this fund is to account for the jail expenses of the county. The primary sources of revenue for this fund are reimbursements from the state and federal government, payments from other counties for housing prisoners, and transfers from the General Fund. The Department for Local Government requires the fiscal court to maintain these receipts and expenditures separately from the General Fund.

**Ambulance Fund** - The primary purpose of this fund is to provide emergency medical service for the county. The primary sources of revenue for this fund are federal, state, and private insurance billings.

**Occupational Tax Fund** - The purpose of this fund is to account for the collections of occupational tax imposed under provisions of KRS 68.197.

**Governmental Funds (Continued)**

Detention Center Public Properties Corporation Fund - This fund, a blended component unit of the County, is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest issued by the Corporation for the purpose of financing the Detention Center construction. The Department for Local Government does not require the Fiscal Court to report or budget these funds.

Justice Center Public Properties Corporation Fund - This fund, a blended component unit of the County, is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest issued by the Corporation for the purpose of financing the Justice Center construction. The Department for Local Government does not require the Fiscal Court to report or budget these funds.

The primary government also has the following non-major funds: Local Government Economic Assistance Fund, Federal Grant Fund, Forestry Fund, Tourist Room Tax Fund, and the 911 Fund.

**Special Revenue Funds:**

The Road Fund, Jail Fund, Ambulance Fund, Local Government Economic Assistance Fund, Occupational Tax Fund, Federal Grant Fund, Forestry Fund, Tourist Room Tax Fund, and 911 Fund are presented as special revenue funds. Special revenue funds are to account for the proceeds of specific revenue sources and expenditures that are legally restricted for specific purposes.

**Debt Service Fund:**

The Detention Center Public Properties Corporation Fund is presented as a debt service fund. Debt service funds are to account for the accumulation of resources for, and the payment of general long-term debt principal and interest.

**Capital Projects Fund:**

The Justice Center Public Properties Corporation Fund is presented as a capital projects fund. Capital projects funds are used to account for the financial resources to be used for the acquisition or construction of major capital facilities.

**Proprietary Funds**

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with proprietary funds' principal ongoing operations. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. The principal operating revenues of the county's enterprise funds are charges to customers for sales in the Jail Canteen Fund. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets.

**(Continued)**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**D. Government-wide and Fund Financial Statements (Continued)**

**Proprietary Funds (Continued)**

The principal operating revenues of the county's enterprise funds are charges to customers for sales in the Jail Canteen Fund. Operating expenses for the enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. The government has elected not to adopt Financial Accounting Standards Board (FASB) Statements or Interpretations issued after November 30, 1989, unless the Governmental Accounting Standards Board (GASB) specifically adopts such FASB Statements or Interpretations. The primary government reports the following major proprietary fund:

Jail Canteen Fund - The canteen operations are authorized pursuant to KRS 441.135(1), which allows the jailer to sell snacks, sodas, and other items to inmates. The profits generated from the sale of those items are to be used for the benefit or recreation of the inmates. KRS 441.135(2) requires the jailer to maintain accounting records and report annually to the county treasurer the receipts and disbursements of the Jail Canteen Fund.

**Fiduciary Funds**

Fiduciary funds report only those resources held in a trust or custodial capacity for individuals, private organizations, or other governments. The County's agency fund, the Jail Inmate Fund, is used to account for inmate monies held by the Jailer for custodial purposes only. Unlike other funds, the agency fund reports assets and liabilities only; therefore, it has no measurement focus.

**E. Deposits and Investments**

The government's cash and cash equivalents are considered to be cash on hand, demand deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition.

KRS 66.480 authorizes the county to invest in the following, including but not limited to, obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

**F. Capital Assets**

Capital assets, which include land, land improvements, buildings, furniture and office equipment, building improvements, machinery, equipment, and infrastructure assets (roads and bridges) that have a useful life of more than one reporting period based on the government's capitalization policy, are reported in the applicable governmental or business-type activities of the government-wide financial statements. Such assets are recorded at historical cost or estimated historical cost when purchased or constructed.

Cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the asset's life are not capitalized. Land and Construction In Progress are not depreciated. Interest incurred during construction is not capitalized. Capital assets and infrastructure are depreciated using the straight-line method of depreciation over the estimated useful life of the asset.

**NOTES TO FINANCIAL STATEMENTS**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**F. Capital Assets (Continued)**

	Capitalization Threshold	Useful Life (Years)
Land Improvements	\$ 12,500	10-60
Buildings and Building Improvements	\$ 15,000	10-75
Machinery and Equipment	\$ 10,000	3-25
Vehicles	\$ 10,000	3-12
Infrastructure	\$ 20,000	10-50

**G. Long-term Obligations**

In the government-wide financial statements and proprietary fund types in the fund financial statements, long term debt and other long-term obligations are reported as liabilities in the applicable financial statements. The principal amount of bonds, notes and financing obligations are reported.

In the fund financial statements, governmental fund types recognize bond interest, as well as bond issuance costs when received or when paid, during the current period. The principal amount of the debt and interest are reported as expenditures. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures. Debt proceeds are reported as other financing sources.

**H. Fund Equity**

In the fund financial statements, the difference between the assets and liabilities of governmental funds is reported as fund balance. Fund balance is divided into reserved and unreserved components, with unreserved considered available for new spending. Unreserved fund balances may be divided into designated and undesignated portions. Designations represent fiscal court's intended use of the resources and should reflect actual plans approved by the fiscal court.

Governmental funds report reservations of fund balance for amounts that are legally restricted by outside parties for use for a specific purpose, long-term receivables, and encumbrances.

"Reserved for Encumbrances" are purchase orders that will be fulfilled in a subsequent fiscal period. Although the purchase order or contract creates a legal commitment, the fiscal court incurs no liability until performance has occurred on the part of the party with whom the fiscal court has entered into the arrangement. When a government intends to honor outstanding commitments in subsequent periods, such amounts are encumbered. Encumbrances lapse at year-end and are not reflected on the Statement of Net Assets and Statement of Activities; however, encumbrances are reflected on the Balance Sheet - Governmental Funds as part of the fund balance.

**WHITLEY COUNTY**  
**NOTES TO FINANCIAL STATEMENTS**

**(Continued)**

**Note 1. Summary of Significant Accounting Policies (Continued)**

**I. Budgetary Information**

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

The Whitley County Justice Center Public Properties Corporation Fund and the Detention Center Public Properties Corporation Fund (blended component units) are not budgeted by the county treasurer. The Governor's Department for Local Government does not require the fiscal court to report or budget these funds.

**J. Related Organizations and Joint Venture**

A related organization is an entity for which a primary government is not financially accountable. It does not impose will or have a financial benefit or burden relationship, even if the primary government appoints a voting majority of the related organization's governing board. Based on these criteria, the following are considered related organizations of Whitley County Fiscal Court: Whitley County Water District and Cumberland Falls Water Highway District.

A legal entity or other organization that results from a contractual agreement and that is owned, operated, or governed by two or more participants as a separate activity subject to joint control, in which the participants retain (a) an ongoing financial interest or (b) an ongoing financial responsibility is a joint venture. Based upon these criteria, the following is considered a joint venture of the Whitley County Fiscal Court:

The Williamsburg/Whitley County Airport Board (with the City of Williamsburg)

**Note 2. Deposits**

The primary government maintained deposits of public funds with depository institutions insured by the Federal Deposit Insurance Corporation (FDIC) as required by KRS 66.480(1)(D).. According to KRS 41.240(4), the depository institution should pledge or provide sufficient collateral which, together with FDIC insurance, equals or exceeds the amount of public funds on deposit at all times. In order to be valid against the FDIC in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the county and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. These requirements were met.

**(Continued)**

**Note 2. Deposits**

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a depository institution failure, the government's deposits may not be returned. The government does not have a deposit policy for custodial credit risk, but rather follows the requirements of KRS 41.240 (4). As of June 30, 2010, all deposits were covered by FDIC insurance or a properly executed collateral security agreement.

**Note 3. Operating Leases**

**A. Office Space Rental**

The Whitley County Fiscal Court entered into two operating lease agreements with the Williamsburg-Whitley County Airport Board, Inc. The first lease is for the rent of the Whitley County EMS department at a rate of \$800 per month. The lease is for 20 years at which time a new lease can be negotiated. The second lease is for rent for the 911 department at a rate of \$1000 per month. The lease is for five years renegotiated at the end of the lease. Both agreements have an annual rent increase based upon the Consumer Price Index. The total expense related to these operating leases was \$21,600 for the fiscal year ended June 30, 2010. The future minimum lease payments for these operating leases are as follows:

<u>Fiscal Year Ended June 30</u>	<u>EMS</u>	<u>911</u>	<u>Total</u>

**B. Airport Land**

On April 18, 2002, Whitley County entered into a \$765,000 financing obligation agreement with the Kentucky Area Development Districts Financing Trust for the acquisition of land for a new airport facility. Terms of the agreement stipulate a ten-year repayment schedule, with variable semi-annual interest payments and variable annual principal payments. Interest on the financing obligation is payable on November 20 and May 20, while principal payments are due only on May 20 annually. The principal balance was \$185,000 as of June 30, 2010. Future debt service requirements are:

**C. Court Facilities Project**

On July 3, 2003, Whitley County entered into a \$605,000 financing obligation agreement with the Kentucky Area Development Districts Financing Trust for the court facilities project. A portion of the financing obligation proceeds was used to retire a \$245,000 financing obligation dated May 1, 2003. The remaining proceeds were to be used to renovate a building for use as court facilities; however, the project was subsequently determined not to be a viable project. On January 20, 2004, \$170,000 and \$160,000 of the financing obligation proceeds were transferred to the General Fund and Jail Fund, respectively, and used for county operations. The agreement requires variable semi-annual payments to be paid in full May 20, 2023. The principal balance of the agreement was \$445,000 as of June 30, 2010. Future debt service requirements are:

**D. First Mortgage Revenue Bonds, Series 2009**

The Whitley County Public Properties Corporation (PPC), an agency and instrumentality of the Whitley County Fiscal Court, issued first mortgage revenue bonds, series 2009, for the purposes of construction of the Whitley County Judicial Center. On September 1, 2009, \$17,105,000 in bonds were issued at various interest rates ranging from 2% to 4%. Since these bonds were issued at a discount of \$98,878, net bond proceeds were \$17,006,122. The PPC has entered into an agreement to lease the Whitley County Judicial Center to the fiscal court for the amount of the bond payments. The fiscal court has a sublease with the Administrative Office of the Courts (AOC), Commonwealth of Kentucky, for approximately 100% of the Whitley County Judicial Center, whereby the AOC makes semi-annual payments directly to the paying agent to fund the debt service for the bond issue. Principal payments are due annually on September 1<sup>st</sup> and interest payments are due semiannually on March 1<sup>st</sup> and September 1<sup>st</sup>. As of June 30, 2009, the principal balance was \$17,105,000. Future debt service requirements are:

**Note 6. Interest On Long Term Debt**

Debt Service on the Statement of Activities includes \$33,984 in interest on financing obligations and \$654,459 in interest on bonds. Operating lease payments are also included in debt service.

**Note 7. Employee Retirement System**

The fiscal court has elected to participate in the County Employees Retirement System (CERS), pursuant to KRS 78.530 administered by the Board of Trustees of the Kentucky Retirement Systems. This is a cost sharing, multiple employer defined benefit pension plan, which covers all eligible full-time employees and provides for retirement, disability and death benefits to plan members. Benefit contributions and provisions are established by statute.

**NOTES TO FINANCIAL STATEMENTS**  
**June 30, 2010**  
**(Continued)**

**Note 7. Employee Retirement System (Continued)**

Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. Nonhazardous covered employees who begin participation on or after September 1, 2008 are required to contribute 6 percent of their salary to the plan. The county's contribution rate for nonhazardous employees was 16.16 percent.

The county's contribution for FY 2008 was \$572,534, FY 2009 was \$423,580, and FY 2010 was \$389,438.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Nonhazardous employees who begin participation on or after September 1, 2008 must meet the rule of 87 (members age plus years of service credit must equal 87, and the member must be a minimum of 57 years of age) or the member is age 65, with a minimum of 60 months service credit.

**Note 8. Deferred Compensation**

The Whitley County Fiscal Court voted to allow all eligible employees to participate in deferred compensation plans administered by The Kentucky Public Employees' Deferred Compensation Authority. The Kentucky Public Employees' Deferred Compensation Authority is authorized under KRS 18A.230 to 18A.275 to provide administration of tax sheltered supplemental retirement plans for all state, public school and university employees and employees of local political subdivisions that have elected to participate.

These deferred compensation plans permits all full time employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Participation by eligible employees in the deferred compensation plans is voluntary.

Historical trend information showing The Kentucky Public Employees' Deferred Compensation Authority's progress in accumulating sufficient assets to pay benefits when due is presented in The Kentucky Public Employees' Deferred Compensation Authority's annual financial report. This report may be obtained by writing Kentucky Public Employees' Deferred Compensation Authority at 105 Sea Hero Road, Suite 1, Frankfort, KY 40601-8862, or by telephone at (502) 573-7925.

**Note 9. Insurance**

For the fiscal year ended June 30, 2010, Whitley County was a member of the Kentucky Association of Counties' All Lines Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of a collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

**Note 10. Related Party Transactions**

During the fiscal year ended June 30, 2010, Whitley County Fiscal Court paid JLG Identification Solutions, Inc., \$11,307 for employee identification cards and uniforms for ambulance, 911, and jail employees, as well as inmates. The Whitley County Treasurer is a co-owner in this business. In addition, \$587 was paid to Central Automotive Supply, Inc., during the fiscal year for automotive parts. One of the Whitley County Fiscal Court's magistrates owns this business. Because of the nature of the relationship between the business and the employee, these transactions are considered related party transactions.

**(Continued)**

**Note 11. Prior Period Adjustments**

The prior year audit report shows the net asset ending balance of \$8,325,917. This beginning balance has been restated due to an increase of \$31,828 for prior year capital asset listing and a decrease of \$324,609 in the beginning fund balance for the Detention Center Public Properties Corporation Fund. Also, an immaterial difference due to rounding of \$3 increased the balance. The restated ending balance for Fiscal Year 2009 is \$8,033,139.

**Note 12. Subsequent Events**

On November 10, 2010 a jury found the Whitley County Fiscal Court guilty of negligence in a lawsuit also seeking damages for injuries received by a deputy of the Whitley County Sheriff's office. The verdict against the Fiscal Court and Sheriff totaled \$6.2 million dollars. An undisclosed settlement was reached on December 6, 2010.

The Whitley County Fiscal Court is a defendant in a lawsuit claiming a violation of civil rights. The case is being defended by the Dyche Law Office located in London, KY. The case has not progressed past the preliminary discovery stage and the outcome is uncertain.

**NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

**June 30, 2010**

**Budgetary Information**

Annual budgets are adopted on a cash basis of accounting and according to the laws of Kentucky as required by the State Local Finance Officer.

The County Judge/Executive is required to submit estimated receipts and proposed expenditures to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the State Local Finance Officer. Expenditures may not exceed budgeted appropriations at the activity level.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND  
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS  
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

CRIT LUALLEN  
AUDITOR OF PUBLIC ACCOUNTS

The Honorable Pat White Jr., Whitley County Judge/Executive  
Members of the Whitley County Fiscal Court

Report On Internal Control Over Financial Reporting And  
On Compliance And Other Matters Based On An Audit Of Financial Statements  
Performed In Accordance With Government Auditing Standards

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Whitley County, Kentucky, as of and for the year ended June 30, 2010, which collectively comprise the County's basic financial statements, as listed in the table of contents and have issued our report thereon dated January 31, 2011. Whitley County presents its financial statements on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Whitley County Fiscal Court's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Whitley County Fiscal Court's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Whitley County Fiscal Court's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as described in the accompanying comment and recommendation, we identified a certain deficiency in internal control over financial reporting that we consider to be a material weakness.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described as 2010-1 in the accompanying comment and recommendation to be a material weakness.

Report On Internal Control Over Financial Reporting  
And On Compliance And Other Matters Based On An Audit Of Financial  
Statements Performed In Accordance With Government Auditing Standards  
(Continued)

Compliance And Other Matters

As part of obtaining reasonable assurance about whether the Whitley County's financial statements as of and for the year ended June 30, 2010, are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

The Whitley County Judge/Executive's and the County Jailer's responses to the finding identified in our audit are included in the accompanying comment and recommendation. We did not audit the County Judge/Executive and County Jailer's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of management, others within the entity, and the Department for Local Government and is not intended to be and should not be used by anyone other than these specified parties.

Respectfully submitted,

**INTERNAL CONTROL - MATERIAL WEAKNESS**

**2010-1 The Jailer Should Strengthen Controls Over Jail Commissary Operations**

The Jailer's office lacks adequate segregation of duties over receipts and disbursements. The bookkeeper is primarily responsible for preparing deposits, daily checkout sheets, receipt and disbursement ledgers, writing and signing checks, performing monthly bank reconciliations, maintaining monthly commissary sales totals, and preparing monthly sales tax returns. There is no oversight or independent review of the bookkeeper's responsibilities.

A proper segregation of duties over bookkeeping duties, such as preparation of daily deposits, daily checkout sheets, receipt and disbursement ledgers, check writing and signing, performance of monthly bank reconciliations, calculations of monthly commissary sales totals, and preparation of monthly sales tax returns is essential for preventing misappropriation of assets and/or inaccurate financial reporting. Properly designed internal controls for monthly disbursements, inventory management and sales tax return preparation also serve to prevent misappropriation of assets and/or inaccurate financial reporting. In addition, effective internal controls protect employees in the normal course of performing their daily responsibilities.

During our review the follow deficiencies were noted

- Receipts were not being properly accounted for. The jail utilizes three different areas to issue receipts, each with their own book; however, when the receipts are turned in they are not checked to ensure all receipts are accounted for.
- The May 19, 2010 total receipts agree to the deposit made; however, the breakdown of cash and checks were not accurately reflected in the receipt ledger. The receipt ledger showed \$9,170 in cash and a \$10 money order. The deposit slip showed \$9,020 in cash and \$160 in checks. When a complete detail deposit was received from the bank it reflected a \$10 money order, a check from the Jailer for \$45 and two release checks totaling \$105.
- A review of the deposit made for May 18, 2010, indicated that a check from the Whitley County Jail Inmate account in the amount of \$70 was made payable and cashed by a jail employee.

INTERNAL CONTROL - MATERIAL WEAKNESS (Continued)

2010-1 The Jailer Should Strengthen Controls Over Jail Commissary Operations (Continued)

- Also noted on the May 18, 2010 deposit was a rebate check cashed for a jail employee, a withdrawal check for an inmate, and a third party check made payable and cashed by a jail employee.
- Additionally, our review of expenditures noted four expenditures did not have supporting documentation, four checks issued to a third party on behalf of the inmates, five instances of invoices not being properly canceled, and one instance of a missing invoice.
- One piece of supporting documentation submitted for payment was a sheet from a receipt book with no other information available, and a second piece of supporting documentation was simply just a phone message note.

We recommend the Jailer properly design internal controls to prevent misappropriation of assets and/or inaccurate financial reporting. Bookkeeping duties should be adequately segregated, and include reconciliation procedures that ensure monthly disbursements are accurate. If, due to a limited number of staff, that is not feasible, strong oversight over these areas should occur and involve an employee not currently performing any of those functions. Additionally, the Jailer could provide this oversight. If the Jailer chooses to implement compensating controls, the Jailer should document his oversight on the appropriate source document.

The following are examples of other controls the Jailer could implement:

- The Jailer, or his designee, could periodically compare a daily bank deposit to the daily checkout sheet and receipts ledger.
- The Jailer could require dual signatures on all checks, with one being the Jailer's.
- The Jailer, or his designee, could compare bond fees, and booking fees recorded on daily checkout sheets or the receipts ledger to computer generated reports and monthly disbursements to the fiscal court. Any variances should be reconciled.
- The Jailer, or his designee, could compare the manual monthly commissary sales totals to the computer-generated sales reports and the monthly sales tax returns. Any variances should be reconciled.
- The Jailer, or his designee, could compare daily receipts with funds being deposited for accuracy in funds as well as categories of cash/checks.
- The Jailer, or his designee, could verify all receipts are being accounted for on the daily checkout. Any variances should be reconciled.

*County Judge/Executive's Response: We have developed an internal control training program to assist and educate county employees in the proper procedures for internal controls.*

*County Jailer's Response: I agree with the auditors and their recommendations have been very helpful, and will help us in the future.*
